

EXPRESS CO. IS 'PARASITE' ON RAILROAD?

Wells Fargo & Co. Rates Are
Slashed by Commission
in California

SWEEPING RULING IS MADE Recommended That Railroads Take Over Business of Express Companies

SAN FRANCISCO, Aug. 1.—The state railroad commission today in the express rates of Wells Fargo & Co., amounting to a cut of \$75,000 from present annual revenue. Every rate of the company in this state is abolished by the order, which is effective October 1, and a new schedule of rates, based on a 10-mile rate basis, is to be fixed at that time.

The state commission is ordered to fix the rates on the basis of the commission's ruling, which are on the average, 10 per cent below the present rates, and then submit a statement of its findings to the state senate.

The commission's ruling is a sweeping one, and it is expected that it will result in a general reduction of express rates throughout the state.

CAUCUS TO WHIP BILL INTO SHAPE CONSIDERATION OF OUR RECY BILL FINISHED

Numerous Changes Made, but
Administration Features
Are Retained

WASHINGTON, Aug. 1.—Consideration of the administration currency bill practically was concluded tonight by the Democrats of the house banking and currency committee, after more than five weeks of constant and stormy discussion. The bill was ordered closed and reprinted, and on Monday the Democratic committee members will take a formal vote on recommending the measure to the Democratic caucus. That it will go to the caucus with the disapproval of at least three members of the committee practically was certain tonight.

As closed tonight, the bill differs little in its essentials from the administration measure framed by Representative Glass, Chairman Owen, Secretary of the Treasury McAdoo and approved by President Wilson. The complete government control of the federal reserve bank, which will be the chief feature of the bill, is retained. At the eleventh hour, the Democratic members of the committee incorporated an amendment providing for an advisory board of bankers to advise the Federal reserve board. This amendment was in the nature of a compromise with the banking interests, which had previously opposed the bill.

U. S. ALARMED OVER WAR IN VENEZUELA Will Send Warships to Protect American Interests in the Republic

WASHINGTON, Aug. 1.—News of the appearance of a Venezuelan of the President's expedition, after his five-year exile, caused a feeling of uneasiness at the state department today. For five years the department has been keeping a close watch on the exile, who is now in Venezuela, which country has been enjoying a period of quiet and prosperity since the exile's departure.

Department officials still expressed the belief that the exile was in the country, and that he was in the hands of an armed force, while various reports from different points in Venezuela, however, said he was in Caracas.

From the legation at Caracas the state department was informed of the exile's arrival in the state of Tachira, and the disturbed peace in the capital, but the Venezuelan foreign office claimed the revolutionists had been defeated by state troops at all points.

Men impressed into service.

The president had been granted material powers, it was said, and men were being impressed into military service.

United States government is represented in Venezuela at present by a legation chief, Richard J. Biggs. Minister Northcutt has resigned and quit his post, and Secretary Caffery now is in Washington attached to the Latin-American bureau. It was announced that a secretary would be named to replace him, and that he would be followed by a regularly appointed minister.

The late arrival of the exile, however, has caused a feeling of uneasiness at the state department, and it is expected that the United States will send warships to protect its interests in the republic.

CURB WILSON ON MEXICAN AFFAIRS, AIM Regarded as an Agitator in Present Controversy With Rebellious Republic

WASHINGTON, Aug. 1.—Developments in the Mexican situation today were confined to efforts on the part of the administration to prevent unnecessary agitation over the revolution.

So far as the United States is concerned, both the federal and constitutionalists are complying with the desire of the Mexican government for the protection of foreigners and their property and this is a hopeful feeling in the United States.

In the Mexican situation, the United States is regarded as an agitator in the present controversy with the rebellious republic.

POLICY SLOWLY MATURING European Powers Have Made No Other Demands for U. S. to Interfere

WASHINGTON, Aug. 1.—Developments in the Mexican situation today were confined to efforts on the part of the administration to prevent unnecessary agitation over the revolution.

So far as the United States is concerned, both the federal and constitutionalists are complying with the desire of the Mexican government for the protection of foreigners and their property and this is a hopeful feeling in the United States.

In the Mexican situation, the United States is regarded as an agitator in the present controversy with the rebellious republic.

"FENCE" LOCATED; MAY RECOVER GEMS Man Who Took Servants on Auto Ride Shadowed by the Police

NARRAGANSETT, R. I., Aug. 1.—Private detectives are watching tonight a residence in a suburb of Providence. This is the home of the long-sought "fence" for the stolen jewels who recently obtained more than \$250,000 worth of jewelry here, according to the theory of one of the four detective agencies engaged on the robbery.

The occupant of the house cannot escape surveillance, but the police have no positive evidence upon which to proceed against him. Another detective agency is watching a house in South Boston, believing it to be either the headquarters of a jewel robber band or the home of their agents.

Mrs. J. M. Hannan, who lost \$150,000 worth of jewels, has placed her case in the hands of a "firm of detectives" at Providence. New York detectives are entrusted with the mission of recovering the jewels.

According to the detective watching the house near Providence, the suspect made a specialty of taking servants on automobile rides, utilizing the opportunity to obtain information of the habits of the families in which his "auto" were a "joy" ride.

It is believed that the touring car was the property of the suspect, and that this automobile, occupied by three persons, was driven through the streets of Providence on the night of the robbery.

The suspect is believed to be a man of about 35 years of age, of medium build, with dark hair, and is believed to be a native of the United States.

MFGRS. IGNORE TARIFF QUERIES TAKE LITTLE INTEREST IN MFASURE?

La Follette Failed in Effort to
Force Industrial Con-
cerns to Issue

WASHINGTON, Aug. 1.—Most of the manufacturers of the country have ignored the tariff queries sent them by the senate finance committee in regard to their industries, and the committee today revised the tariff only 64 articles had been received in the 2,500 sets of questions mailed by the committee to manufacturers who had protested against proposed rates of duty and suggested that the manufacturers must be confident of not being hurt by the new tariff or else were not altogether frank.

The Wisconsin senator, originator of the idea of sending out the questions with the hope of throwing light on tariff revision, had his own list mailed, with that of the committee. He declared today that the few replies received afforded little information, particularly concerning the comparative cost of production in the United States and in competing countries. The senator's remarks, his first during the tariff debate, were made in opposing an amendment of Senators Dillingham and Page of Vermont and Gallinger of New Hampshire, to increase the proposed duties on goods.

An amendment defeated.

The amendment was defeated, 39 to 40.

Earlier in the day Senator Granger, who had introduced the amendment, had been defeated by a vote of 39 to 40.

Senator Granger had read to the senate today a letter from a Pennsylvania industrialist, concerning a statement made by the senate several days ago by Senator Pennington, that the committee was planning to move a portion of its factory abroad.

Senator Granger, after hearing the letter read, said he had expected it and would present it to the senate the "next day."

The senate today passed a resolution introduced by Senator Butler, calling on the secretary of the treasury for information regarding the placing of imported goods in bonded warehouses with a view of getting them into the country at the lower rates of the proposed tariff.

Senator Butler said he was seeking to have such goods made dutiable at the rates in force on the date of arrival in this country.

WORLD PEACE COMING, BUT NAVY NEEDED Secretary Daniels Contends U. S. Must Be Prepared for Emergency

Inspects Naval Home at Las
Animas Today; Proceeds
Thence to Washington

PENNSYLVANIA, Aug. 1.—Secretary of the Navy Josephus Daniels tonight as a guest of the Denver Country club, chose the topic of "Universal Peace" as the subject for an address. The secretary declared in his belief that the nations of the world are rapidly approaching the era of universal peace, when all international controversies will be settled by arbitration.

"However," he said, "it may be many years before this comes about, for the nations of the world are not ready for it as yet. And in the meantime, the United States must keep its navy in such condition as to be ready for any emergency. This era of universal peace will not come within our lifetime, but it may be that a navy as strong as any navy that has ever been built is a nature can be expected to advance."

To inspect Naval Home.

Secretary Daniels will leave Denver today for Las Animas, where he will inspect the Naval Home, and then proceed to Washington.

CLASS OF 250 INITIATED INTO MYSTERIES

OF W. O. W.; GOAT PERFORMS VALIANT WORK
Exercises Attending Initiation Were Most
Elaborate Ever Held at Similar Session

Led by a long-haired, long-whiskered goat, whose eyes reflected a glint of fiery determination to meet all emergencies, and closely guarded by scores of uniformed members of drill teams who later were to add materially to their physical discomfort, the 250 or more candidates for initiation into the Woodmen of the World were paraded through the business streets of the city early last evening before hundreds of people who lined the pavements.

And, after being compelled to note carefully and repeatedly the sturdiness of the goat and the looks of anticipation on the faces of their guards, the Woodmen to be were guided into Temple theater, where they were put through the many little things which are supposed to make them thoroughly versed in woodcraft.

Initiation Unusually Spectacular.

More than 250 members on the roll of the night's initiation, and the exercises were among the most elaborate and elaborate ever held by a head camp session. The ceremonies were conducted by Head Council I. E. Book before a crowd that packed the large auditorium of Temple theater. The candidates were from Colorado Springs, Colorado City, Manitou, Fountain and Pueblo.

The evening's entertainment started at 8 o'clock, when the initiates were marched through the business streets of the city. The parade was led by the Midland band, followed by the candidates, headed by the big goat. The line of candidates was flanked by drill teams and members of the society, and the parade was brought up by delegates to the head camp session.

Forming at Woodmen hall, on East Bijou street, the parade marched on to Temple theater, where the initiation was held. All along the line of march the candidates were paraded by the Woodmen, and the parade was brought up by delegates to the head camp session.

Coughlin and Johnson Chosen.

John J. Coughlin and J. E. Johnson were the two initiates chosen to take the oath. While they were preparing for the oath, Congressman Willis C. Hawley of Oregon addressed the crowd, talking on the subject of the Colorado City drill team and the exercises at the initiation, and the exercises were conducted by the following officers: Head Council I. E. Book, council commander; Deputy Head Council I. E. Book, deputy commander; Deputy Head Council I. E. Book, deputy commander; Deputy Head Council I. E. Book, deputy commander; Deputy Head Council I. E. Book, deputy commander.

(Continued on Page Three.)

FEAR OF DYNAMITE PLOT HAS SUBSIDED

CALUMET, Mich., Aug. 1.—Armed men tonight were withdrawn from the portage lake bridge, connecting Houghton and Hancock, the fear of authorities that there was a dynamite plot to blow it up, subsided.

The plot, which was supposed to be a part of a larger plot to blow up the bridge, has now subsided.

DEPARTMENT OF JUSTICE H- Issued Warning; Titled You Will Follow

WASHINGTON, Aug. 1.—Advice to the department of justice of attempts to perjure a wholesale land fraud upon innocent people throughout the entire west, especially in Oregon, brought forth a vigorous warning to the public today by the assistant attorney general, H. K. Knobel, and an announcement that the government would spare no effort to detect and punish the guilty parties.

Mr. Knobel said that the government was making false representations to the people in the settlement, which is probably at this time of more than 2,000 acres of the so-called Oregon and California railroad lands, which the United States district court of Oregon recently ordered forfeited to the government on the ground that the railroad had violated conditions of its grant.

Company Will Appeal.

As the company will appeal, the land will not be settled until it reaches the supreme court, and even if the government ultimately is successful, Mr. Knobel added, no settlement can be made of the lands until Congress passes special legislation for that purpose. Representing that the lands can be procured, those engaged in the alleged fraudulent scheme are said to be obtaining location fees for their services.

The public is also being induced, Mr. Knobel said, to make applications to purchase from the railroad company, in order to acquire preference rights of purchase. The Southern Pacific (Continued on Page Two.)

HUNDRED SPECIAL TRAINS TO BRING KNIGHTS HERE

Railroads Expect Increased Traffic
Through Springs During the
Next Two Weeks

Railroads running into Colorado Springs will experience a heavy fortnight of passenger traffic during the next two weeks, according to the officials of the Santa Fe and Denver & Rio Grande railroads, and special car parties will total about 500. The heavy traffic probably will be handled into Denver by the Burlington and Union Pacific railroads, and the majority of these special trains will visit Colorado Springs.

It is conservatively estimated that on account of the convalescence more than 30,000 people will visit Colorado Springs during August. Already the hotels and various attractions are preparing to handle the crowds. The Clippie Creek Sheriffs have looked at special trains of Knights Templars, while the other attractions are doing extremely heavy business.

Mention is now being made for the Knights and two huge crosses have been built, one on Pike Peak and the other on Red Mountain. Colorado Springs will become during the time when the Templars will be here, but no special arrangements have been made for any entertainment for the Knights.

BULGARIA TO RETAIN PRESENT BOUNDARIES

Will Embrace Area 1,000 Years
With Little Territorial
Loss, Predicted

LONDON, Aug. 1.—The allies, in demands presented to the Bucharest peace conference today, predicate the establishment of a frontier extending from the Struma river, running midway through Rumania, and reaching to the Aegean sea, 15 miles west of Debaghatch. This would leave Bulgaria a coast line on the Aegean sea of less than 30 miles.

If these terms are accepted, Bulgaria will lose from two to three times as much territory as she gained in 1912, but she will have to abandon a large amount of territory to Rumania.

In addition, the allies maintain their demand for an indemnity.

It is probable that the negotiations will be protracted, and that the armistice of five days will be renewed.

A dispatch to the Daily Telegraph from Belgrade asserts that the camp of the Serbian army in the last month of fighting aggregated nearly 100,000 men.

WITNESS OFFERED \$50,000 TO CLEAR OUT, HE DECLARES

SAN FRANCISCO, Aug. 1.—At a conference with the special counsel who will prosecute the Western Fuel cases here this month, David I. Powers, formerly an employee of the company, and now the chief witness for the government, said today that he had been offered \$50,000 if he would clear out.

Powers gave the names of those who had approached him, and the phraseology of the offer, Matt J. Sullivan and Theodore J. Brown, in charge of the case against the company.

He declined to discuss Powers' story, beyond saying:

"We shall obviously prosecute any person connected with this immense fraud."

The Western Fuel case has long been a subject of interest to the public, and it is expected that the case will be a landmark in the history of the company.

CABIN CREEK STRIKE VIRTUALLY IS OVER

Operators Agree to Demands
of Strikers; Unions Are
Signing Agreement

CHARLESTON, W. Va., Aug. 1.—That the striking miners on Cabin Creek will be back at work within a few days was indicated tonight when a report from the miners' locals there showed that they had agreed to accept the terms of agreement signed by the operators and officials of the United Mine Workers of America. Within a few days the strike will be over, and the miners will be back at work.

The agreement, which was signed by the operators and officials of the United Mine Workers of America, provides for a 10 per cent increase in wages, and for a 10 per cent reduction in the cost of living.

The agreement also provides for a 10 per cent increase in the cost of living, and for a 10 per cent reduction in the cost of living.

BURNED BABY SAID TO BE DANGEROUSLY ILL

Meredith Stunt, Injured Month Ago, Is
Not Expected to Recover
From Injuries

After making a brave fight for life for nearly a month, little Meredith Stunt, who was terribly injured and burned July 2 by a fire in his home, is said to be in a dangerous condition, and it is expected that he will not recover from his injuries.

Ever since the accident, the little boy has been lying in his cot at the Clippie Creek hospital, and he has made a brave fight for life. He has been given all the attention that the hospital could give him, but his condition is still very serious.

At one time the doctors thought there might be a chance of life, but skin grafting was attempted, but they have given up all thought of that now on account of his weakened system. Even if she lives it is feared that only a partial use of her limbs could be possible.

Saloons and Clubs for Society Leaders Are on Same Level, Says Judge

TRINIDAD, Aug. 1.—Saloons and clubs for society leaders were placed on the same level by District Judge A. W. McHenry today, when he refused to suppress five local miners for gambling in a saloon here.

The saloon is the local miners club, and the judge said that the miners who play poker and pool in the saloon are on the same level as the society leaders who play poker and pool in the clubs.

The judge said that the miners who play poker and pool in the saloon are on the same level as the society leaders who play poker and pool in the clubs.

PURRO STUMBLES AND SOCIETY GIRL IS HURT

Miss Jane Going of Birmingham In-
jured While Riding in
Mountain

Miss Jane Going, a prominent society girl of Birmingham, Ala., was injured while riding in a mountain car on Monday when she was thrown from the car and struck her head on a rock.

The accident occurred on a mountain road, and Miss Going was riding alone in the car. She was thrown from the car and struck her head on a rock, and she is now in a hospital in Birmingham.

MRS. CARP E. PETERS DIES AFTER LONG ILLNESS

Mrs. Carp E. Peters died late last night at her home, 215 North Second street, after a long illness.

Mrs. Peters was 78 years of age, and she had been ill for several months. She was a member of the Methodist church, and she was a devoted wife and mother.

WILL START WORK SOON ON STRATTON BUILDING

Work will commence October 1 on building at the old building at the northern corner of Tenth and Harrison streets to make way for the new building to be constructed by the Stratton estate.

The plans for the new building were made by the Stratton estate, and it is expected that the building will be completed by the end of the year.

To Stop Scaling of Psoriasis

The Trembling Skin Disease
Treated by Cheques by a very
Simple Attention.

A lady in Lexington, Ky., says that before she began using S. S. S. for psoriasis, she had been treated by a number of doctors, but she thought it cured. But by getting her blood under control by the influence of S. S. S., the disease entirely disappeared and there was never again the slightest sign of it.

There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from the fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin, is met with the antidotal effect of S. S. S. This is why skin troubles vanish so readily and why they do not return.

You can get S. S. S. in any drug store, but insist upon having it. The great Swift Laboratory in Atlanta, Ga., prepares this famous blood purifier, and you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely, address the Medical Dept., The Swift-Specific Company, 112 Swift Bldg., Atlanta, Ga.

U. S. TRADE WITH S. A. REPUBLICS INCREASES

Big Gain Made in Exports
From This Country in
1-6 Fiscal Year

WASHINGTON, Aug. 1.—While trade between the United States and five of the principal South American countries, Argentina, Brazil, Chile, Peru and Uruguay, fell in favor of the southern republics, the country made a considerable gain during the last fiscal year, and reduced by \$10,000,000 the wide margin of difference between its imports from and exports to those countries.

Exports remained stationary, being valued at \$27,000,000 during the year, the same as in 1912. In exports the United States gained, shipping to the five nations \$10,000,000 of merchandise, valued at \$10,000,000, but \$10,000,000 of raw materials and manufactures were imported from the same countries, making a net gain of \$10,000,000.

NEFLEY ASKS PROBE OF McADOO CHARGE

WASHINGTON, Aug. 1.—Representative Neffley, one of the so-called insurgent members of the house banking committee, today introduced his resolution directing investigation of Secretary McAdoo's charge that New York bankers were depressing the price of the government two per cent bonds to influence action on the currency bill.

Another resolution directing inquiry into McAdoo's charge was introduced by Representative Mondell of Wyoming. He calls on the secretary of the treasury to hear out his allegations.

During consideration of the Glass bill today by Democrats of the house banking committee, the amendment to forbid interlocking directorates in national banks was rejected, seven to five. President Wilson believed the provision extraneous.

HUSBAND NAILED RUBBER ON GATES

Wife so Weak and Nervous
Could Not Stand Least
Noise How Cured.

Munford, Ala.—"I was so weak and nervous while passing through the change of life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand it to have a gate slam."

"I also had backache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend your Compound to all women afflicted as I was."

Mrs. F. P. McLENDOR, Munford, Alabama.

An Honest Dependable Medicine
is Lydia E. Pinkham's Vegetable Compound. A Root and Herb medicine originated nearly forty years ago by Lydia E. Pinkham of Lynn, Mass., for scouring female ills.

Its wonderful success in this line has made it the safest and most dependable medicine of the age for women and no woman suffering from female ills does herself justice who does not give it a trial.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (not Dr. J. C. Pinkham), for address. A letter will be opened, and held in strict confidence.

DENVER READY FOR TEMPER THROWS

100,000 Visitors Expected in
the Capital City for Big
Triennial Conclave

DENVER, Aug. 1.—Everything is in readiness for the thirty-second convocation of Knights Templar, and the big assemblage will gather here about September 1st, although the time set is almost two weeks away.

August 12 to 15, 1913, has been the work of the 27 subcommittees for months past, that there remains nothing to be done except care for the immense crowd when it arrives for convulse week.

That there will be approximately 100,000 visitors in Denver for this big gathering is conceded on every hand. From the farthest limits of the United States, and even from Canada, they are coming. And yet there need be no doubt as to the ability of Denver to care for this great influx of people, for, besides the several hundred hotels and rooming houses that have been requisitioned by the hotel committee, thousands of householders have tendered their homes, if necessary, to care for the Templar throng.

To this end, the hotel committee has carefully prepared a list of apartments and rooms available, and those who have not yet contracted for quarters will find the hotel committee, which will have headquarters in a huge tent at Union station, ready to assign them, and courteous guides will accompany strangers to the rooms assigned, and remain with them until they are settled. For this guide duty hundreds of master masons, as well as many members of the high school cadets of Denver, have volunteered their services.

The magnitude of the thirty-second triennial convocation may be realized when it is known that \$100,000 is being spent for the entertainment of visiting knights. Of this large sum, \$50,000 will go for decorating the city, the illuminating scheme alone costing \$20,000. The five prizes to be awarded the winners of the drill contests will cost \$10,000.

GOVT. IS IN CONTROL VEN. 7141 AN REVOLT

President Receives Assurance
of Support From All the
Governors

CARACAS, Aug. 1.—It is a fact that Castro, who has lived a Venetian life, but the government is not so sure of his loyalty. He is now in the hands of the Venetian government.

Official dispatches state that an invading force from Colombia under the command of Gen. Benito Gomez has been driven back steadily on the frontier of the state of Tachira, where Colonel Rojas, in command of the state troops, has forced the rebels to abandon their positions.

In the other side of Venezuela revolutionaries commanded by a nephew of Castro attacked the city of Maracaibo Tuesday and were defeated. It is claimed by government troops led by General Zelaya.

No troops have yet been sent from Caracas to meet the rebels as the government believes the state troops strong enough to deal with them.

The president announced today that all news of hostilities would be published whether favorable or unfavorable to the government. He says he feels he can safely do this because of his splendid army and also because public opinion is with the government.

Telegraphic communication between the capital and the rest of the republic is maintained.

President Gomez, on Wednesday night sent the following telegram to the governors of all the Venezuelan states:

"Gen. Guzman Castro, impelled by ambition and the desire for power, has provoked a revolution in this republic by ordering his partisans to arm themselves against the constitutional government."

Already rebel forces in several localities have disturbed the public order.

"It is necessary for you to be alert and to act rapidly and energetically in assisting the government to crush the rebels."

"The peace of the country, which Venezuela is obliged to maintain, is at stake at the mercy of adventurers who possess no idea of duty."

"I trust you will fulfill your duty."

The governors in their replies promised unqualified support of the government. Some of them requested the dispatch of additional arms and ammunition.

10 Years Is Life of Present Army Rifle

WASHINGTON, Aug. 1.—The present model of rifle used by the United States should have a life of usefulness of at least 10 years in the opinion of the ordnance officials, and a determined effort is being made to prevent the condemnation of the kinds of rifles that are being used in the army.

Many of the rifles used in the army are found to be defective through poor design and the use of obsolete materials. Therefore it has been ordered that such guns as are worn at the muzzle with barrels rusted or pitted, a sign that they have not been properly treated, shall be tried out by an expert rifle shot, and not condemned unless they show marked inaccuracy at the target.

Robbins' Mammoth Summer Clearance Sale Is in Full Swing

THE Big bargain event of the season. The sale you have been waiting for. The bargains are many, the values extraordinary.

REMEMBER, we do not buy goods for "Sale Speculation." Everything we offer you carries our guarantee of Satisfaction just the same as if sold at regular prices. All our Clothing comes from reputable factories—Hart, Schaffner & Marx, Knickerbocker, the Clothiers of the East, W. S. Fish & Co. Pants from the Party-on Co., the Duck Brand, Oak Leaf, made by John B. Hutton Co., Ryer, Dunlap & Co., The South Co., Our Boys' Clothing from Ed.
